

Dear Honorable Judge Richard G.Kopf,

I am writing in regards to my case 4:18 CR-03069. I have tried somany times to get ahold of my lawyer, Toni Wilson, but no avail. I am serving my state and federal cases concurrently Nebraska Correctional Center for Women. The questions I have are about my federal case.

Since I am serving my federal case at a stste facility I need the 54 days good time credited. I have also successfully completedthe Residential Substance Unit Treatment Program which is equivalent to the Federal facility's "R-dap" program. Will you please give me time credit off my sentence as you would in a federal facility?

I have also achieved my G.E.D. and would like to know if this is also credited to earn time off of my federal sentence?

I have written the U.S. Marshalls about getting a sentence computation sheet to help me in this matter since my sentences are concurrent, I need proof of the time that should be taken off of my sentence.

Again, I have not had contact with my lawyer, Toni Wilson, in quite some time. She does not answer her phone as that was my only means of contact as I am incarcerated. That is why im reaching out to you so I can advocate for myself. Please correspond with me here at NCCW, 1107 Recharge Rd., York, NE, 68467.

Thank you for your time and effort in this important matter. I look forward to hearing from your office.

Best Regards,
Taffin M. Nuss

* The scores on the report are the highest scores achieved by the candidate and not necessarily the most recent. If retest scores are lower than scores previously achieved, then retest scores are not reported.
** The GED® College Ready level (165-174) demonstrates skills that are consistent with those required to be college-and-career ready. In addition to earning a high school equivalency credential, an individual may also be eligible to enroll directly in credit-bearing courses in a college/university, subject to the policies of the institution in which the student is enrolling. The GED® College Ready + Credit level (175-200) means that the test taker has already demonstrated some of the skills that are taught in college-level courses and may be eligible for up to 10 semester hours of college credit, subject to the policies of the institution in which the student is enrolling.
